## EXAMPLE OF STARTER KIT BOXES

This year Antac looked at ways to encourage every division to carry out its primary activity, managing the resources that it controls and drawing in investment, in such a way that it encourages our teams to create lasting benefits for the Company and improve the local economy in the areas we operate.

Antac were extremely proud to begin supporting the amazing work P3 charity do by providing starter kits to vulnerable individuals and families, who are fleeing situations of domestic abuse to be relocated within the Thames Valley community.

### STARTER KIT FEEDBACK

“  
The henry hoover went to a lady who has started her first tenancy, she had saved up to carpet the property but hadn't really thought about how she would keep it clean. When I delivered the hoover she cried! (happy tears)! She had been using a dustpan and brush up until this point and was finding it hard to keep on top of it all. Thank you!

I presented someone I work alongside with your very generous cleaning box yesterday. She is autistic and has learning difficulties which leads her to forget to buy important items and clean her house. With everything included in your box we've been able to put together cleaning schedule involving all the items. She was so pleased to have new toothbrushes and towels as she's not had either for as long as she could remember. It's really made a difference to her, and I thank you for your generosity.
